Birth Date:	

Terms: **This is a spay/neuter agreement with limited AKC registration.**

Shih Tzu puppies are very prone to an umbilical hernia do to the mother's short nose severing the umbilical cord at birth. This puppy may have or may not have a small umbilical hernia that would be of no concern to the puppy' health.

Most Veterinarians suggest this is a very easy couple of stiches at the time of spay neuter.

A pet puppy is defined here to be a puppy that is in good health at the time of sale, and embodies the characteristics of the ShihTzu Breed as described by AKC Standard. This puppy is purebred and purchased as a pet companion only with a spay/neuter agreement.

Seller will guarantee puppy against genetic diseases of the heart, liver, lung, and kidney for 2 full years from the time of purchase. I do not refund money, but I will replace a puppy with Veterinarian evidence/proof of defect. Complications due to environment or diet, and normal puppy maladies such as misaligned teeth etc. are not guaranteed. It is the purchaser's responsibility to provide a sound diet for proper development and health. The guarantee is limited to the original purchaser.

The buyer should have a Veterinarian exam the puppy within 48 hours of receiving the puppy. The purchase price will be refunded if evidence is provided that the puppy is found to be unhealthy. This excludes small umbilical hernias, nostril stuffiness due to teething, and intestinal issues due to stress.

There are many factors that can influence growth, health and development, such as diet, exercise, weight gain, etc. The Buyer assumes the responsibility to carry on with the appropriate vaccinations, exercise and feeding schedule as supplied by me or their Veterinarian.

I breed dogs to find my next show potential. Not every puppy in a litter will be a show dog, those missing some slight characteristic will be available as a lifetime family member. However, if an unforeseen situation (such as severe owner documented health issues or inability to care for the dog) should arise, bringing this puppy to be without a home then purchaser agrees to return the puppy to Praetorian ShihTzu. This ensures any puppy bred by Praetorian ShihTzu will not end up homeless or in an unsafe environment. I will place the puppy in a new home unless the purchaser has made previous arrangements with an agreed upon new home.

*Revival Pet supplies

Male Puppy: \$ 2,400.00 ~ Female Puppy \$2600.00

Deposit \$ 200.00

Balance Due: In Cash at time of Possession

Disclaimer: I have an open door policy. I give my puppy buyers opportunity to come to meet and greet me and my dogs. My intention is to provide an opportunity for everyone involved to meet, and be at ease that my puppies have been raised in a healthy, clean and safe environment. In addition, I have a chance to get comfortable that my puppies are going into a lifetime committed and loving companion home. That being said, there are precautions, I must ensure the babies are not exposed to any contagious illnesses. I ask that shoes and hands be freshly sanitized before entry and handling of puppies. I have hand sanitizer and Lysol spray for shoes available. Keep in mind all puppies are the same quality. I reserve the right to hold back show potential puppies. So when you make a deposit and come for a visit, you cannot choose a puppy until after I have evaluated them at 12 weeks. For any questions or concerns please feel free to ask.

Helping my puppy buyers is a lifetime service.

Small Soft squeaky toys,

No beanie babies or hackie sacs

Puppies can swim, but they can not get out of a pool or pond by themselves

Please read my website at shihtzushowdogs.com
